Pastor Mark's Blog

The parable of The Growing Seed is found in Mark 4:26-29. It is all about believing preparations for the divine work of God.

“The parable of the seed reveals that God is at work in nature. The seed has in itself a germinating principle, a principle that God Himself has implanted; yet if left to itself the seed would have no power to spring up. Man has his part to act in promoting the growth of the grain. He must prepare and enrich the soil and cast in the seed. He must till the fields. But there is a point beyond which he can accomplish nothing. No strength or wisdom of man can bring forth from the seed the living plant. Let man put forth his efforts to the utmost limit, he must still depend upon One who has connected the sowing and the reaping by wonderful links of His own omnipotent power. “White, E. G. (1900). Christ's Object Lessons (p. 63).
